

## JOBPROFILE

# Experienced Project Leader

<b>Who we are</b>	<p>Erbo Spraytec AG is a contract manufacturer with its main facilities in Switzerland. Erbo Spraytec AG belongs to the Swiss Erbo Group a mid-sized, family-owned business with 200 employees. The Headquarter and the Plants of Erbo Spraytec are located in CH-4922 Buetzberg, Switzerland.</p> <p>Erbo Spraytec AG offers state of the art fluidized bed technologies for our customers worldwide. We convert liquids into a powder form with specified physical and chemical properties, mainly for feed additives but also for food ingredients and ingredients for personal care.</p> <p>Spray granulation, spray chilling, matrix encapsulation, core/shell encapsulation, hot melt coatings, agglomeration, instantiation are some of the key production processes for manufacturing these tailor-made ingredients.</p> <p>For this purpose, Erbo Spraytec AG runs multiprocessor production plants of the newest technology, with production throughput up to 3500 kg/hour, as well as pilot plants (batch size 1- 20kg) on site for developing new processes and products on customer's request, and for up scaling processes for manufacturing. The facilities of Erbo Spraytec AG are equipped with many extras allowing the production of a wide range of products. However, the true strength of the POWDER PROFESSIONALS of Erbo Spraytec AG is the considerable expertise in spray processes and experience with powder products over many years.</p> <p><b>We are planning an additional new fluidized bed tower with a capacity of 7000 to./year including a warehouse according to the following timetable. A permanent new management position will be created in connection with this expansion investment</b></p> <ul style="list-style-type: none"><li>○ <b>Planning phase until end of 2026</b></li><li>○ <b>Building and Test phase until End of 2027</b></li><li>○ <b>Operational phase from 2028</b></li></ul>
